Bacolod city

On-site field visit

“farm-to-table” manufacturing process
The Global Green Growth Institute (GGGI) is a treaty-based international, inter-governmental organization dedicated to promoting integrated environmental and economic growth in developing countries and emerging economies.

The study aims to promote pioneering cases of MSMEs sharing their experiences in implementing green business practices. Efforts of green initiatives among MSMEs can often mean cost savings while strengthening their operations and contributing positively to both financially and socially.

This was printed on smooth papers and boards made with environment-friendly ECF (Elemental Chlorine Free) pure cellulose, FSC (Forest Stewardship Council) certified.
